

Alaska Airlines Negotiations Survey

February 14, 2017

Sisters and Brothers,

In preparing for the upcoming negotiations at Alaska Airlines, we have developed a survey to get your input into what matters most to you in a new CBA. We will soon be asking for contract proposals, so they too will help us focus on what is the high priority issues of the membership. Please click on the link below to take the survey and encourage your co-workers to do the same. The more participation, the better focused we can be in talks.

Should you have any questions or concerns, please contact your stewards or General Chairs.

Fraternally,

Dave Supplee
