No Outsourcing No Subcontracting – Keep American Airlines American!

10/24/2018

Our brothers and sisters in the Transportation Workers Union (TWU) are taking a stand against Outsourcing and Subcontracting at American! Please see the poster below and feel free to share with your fellow union members. The IAM stands behind the TWU 100% on their stance against 3rd party work. Tell Doug Parker and Robert Isom that we will not sit idly by and let our jobs be sold.

Let's make our voices count and stand in solidarity with our counterparts at the TWU!

No Outsourcing No Subcontracting Keep American Airlines American

UnAmerican Airlines wants to Outsource maintenance and repair of its airplanes to foreign countries which will:

- Risk passenger and flight crew safety as maintenance will be performed in foreign facilities that have lower paid, uncertified, and unregulated mechanics.
- Hurt the Dallas/Ft.Worth economy as good paying jobs which support our community and its families will be lost to foreign workers.

UnAmerican Airlines wants to subcontract ramp and baggage work to low-wage third party subcontractors which will:

- Compromises safety and on-time performance as inexperienced baggage handlers and ramp workers who are low-paid and non-Union will replace experienced, committed airline industry professionals.
- Hurt the Dallas/Ft.Worth economy as good paying jobs which support our community and its families will be lost.

**A Safe Plane, Reliable Service, A good Job –
Keep American Airlines American**

Call CEO, Doug Parker and President Robert Isom
At (817) 963-1234 tell them to:

**Keep American Airlines American
and stop Subcontracting and Outsourcing**
