

Active Shooter Survival Training

On Tuesday August 30th members participated in an active shooter survival training presented by CMPD. Lieutenant LeBraun Evans gave a very insightful presentation on the training that anyone can do in order to increase our chance of survival rate in this type of situation. The one thing that stood out for me is maintaining overall situational awareness. We must always be present and observant of our surroundings, and if something doesn't look or feel right chances are they aren't. CMPD offers this training free of charge all over the Mecklenburg county area. You can contact Officer Johnathan Frisk via Johnathan.Frisk@cmpd.org for information on getting this training at your church or other community organizations.
