

The Association: Neutral Javits Issues Final Integrated Seniority Lists

The Association.

06/16/2017

The TWU-IAM Association today announced that Neutral Joshua Javits issued his final integrated seniority lists for the Mechanic and Related, Fleet Service and Stores work groups at American Airlines.

The final lists are the completion of an investigation Neutral Javits conducted regarding protests of the initial seniority lists, issued on December 27, 2016. The final integrated seniority lists show all seniority dates amended as a result of that protest process.

Neutral Javits considered over 1,600 protests from approximately 1,700 employees. Each protester will receive a letter from Neutral Javits explaining the determination of his or her protest.

These seniority lists will become effective upon ratification of the Joint Collective Bargaining Agreements.
