

EAP Ready to Assist Members Impacted by UNC-Charlotte Campus Shooting

The recent tragedy that occurred on campus at the University of North Carolina Charlotte has affected many people in our city and local communities. Some of our members may have been impacted by the shooting and need someone to reach out to for assistance and/or resources.

There is also a considerable amount of stress in the workplace right now due to our contract negotiations.

Please be aware that your EAP Committee is here to help. Contact information for our two local EAP chairs is below. Feel free to reach out to either of them for any reason. They are here for you!
