

IAM EAP and Addiction Services Program Available to Membership

The IAM recognizes this is a stressful time for many IAM members, staff and family members due to the Coronavirus (COVID-19) pandemic.

The IAM Employee Assistance and Addiction Services Program stands ready to assist members, staff and their families during this tough period.

As with any large scale event such as this we face many challenges. In conjunction with this occurrence we face the familiar list of continuing problems associated with, but not limited to; substance abuse and addictions, mental health, stress, anxiety, depression, financial hardship and socioeconomic issues. All of these are serious matters that can cause problems by worsening the situation and negatively impacting the quality of life for many of our members.

IAM EAP Services can be accessed by emailing iameap@iamaw.org or by calling 301-335-0735.

IAM Addiction Services can be reached by calling 1-888-250-4IAM (4426).
