

IAM Pension Plan Information Update

Attached are the documents we have received regarding the changes to the pension fund. All full time District staff will be given a full update on these changes on May 16th. Until then, if you have questions, please reach out to your reps, and they will work on getting answers for you. It is strongly recommended that any member who has concerns should set up a call with the pension plan to discuss their specific concerns. More to be come as we get the information.
