

# Informational Picketing – CLT – March 28, 2019

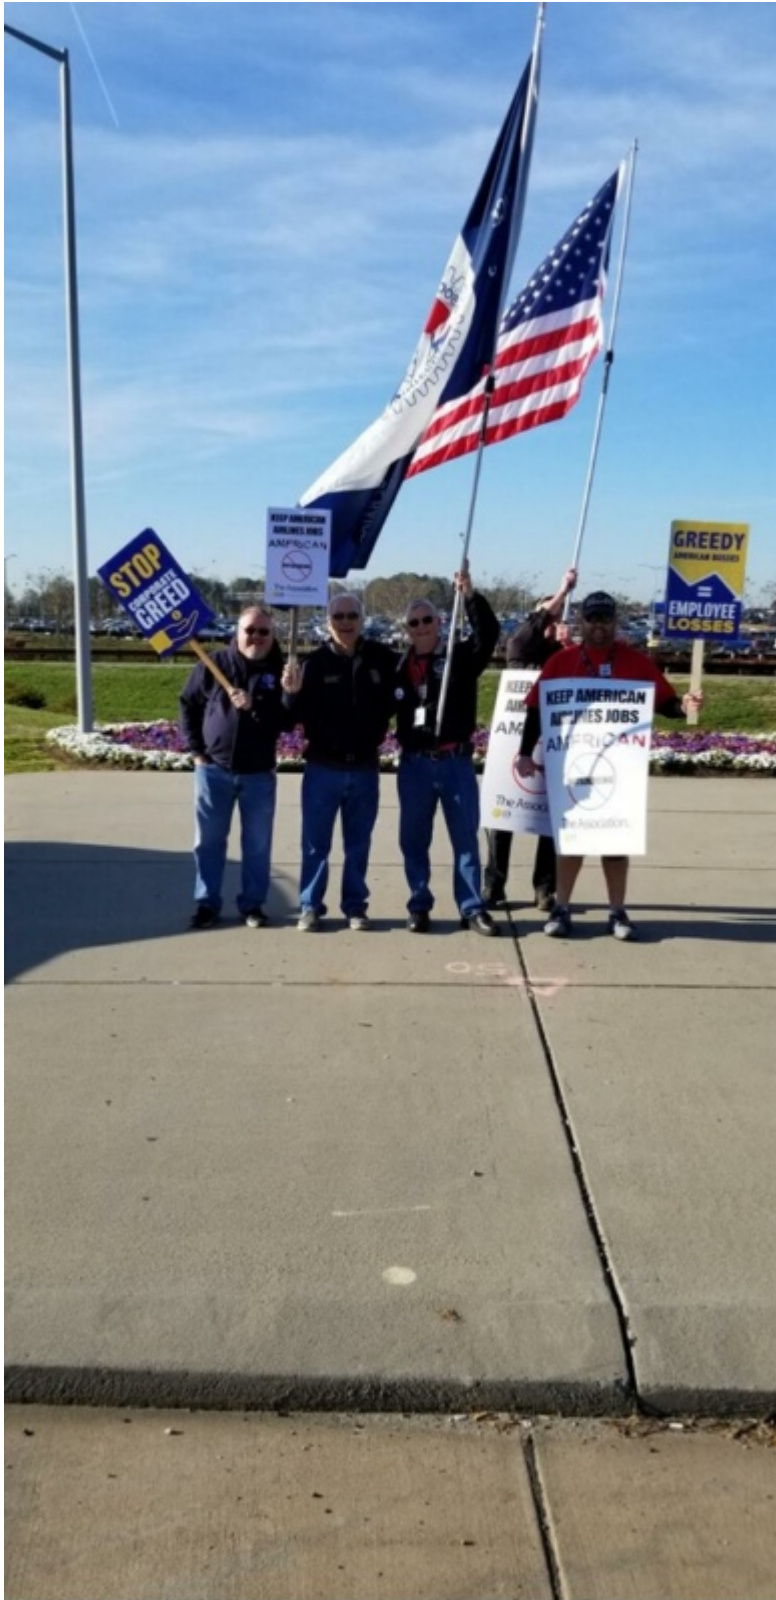

Informational picketing sessions were held Thursday, March 28, 2019 at Charlotte Douglas International Airport. Association members from IAM Victory Lodge 1725, along with General Chairs from District Lodges 142 and 141 and TWU members from around the country picketed at the Departures area of the airport terminal and the entrance to the airport at Little Rock Rd and Wilkinson Blvd.

Our members held signs and banners reinforcing our positions on the outstanding issues in our contract negotiations. Crews from several local news stations covered the event and our members were grateful for not only the news coverage but also the overwhelming support from the local community, as drivers honked horns, waved, saluted and gave our members thumbs up, cheers and shouts of support.
