If the new Company rules and regulations are posted in the work areas as the sole means of communication, they will become effective after one (1) week from the date of posting.
- D. The Company is an equal opportunity Employer. The Company and the Union hereby agree that, in accordance with the established policy of the Company and the Union, the provisions of this Agreement will apply equally in accordance with applicable laws to all Employees hereunder, regardless of sex, color, race, religion, age, handicap or national origin. Wherever in this Agreement Employees are referred to in the male gender, it is recognized as referring to both male and female Employees, unless the meaning is obviously to the contrary.

- F. The provisions of this Agreement shall be binding upon any successor or merged Company or Companies, unless or until changed in accordance with the provisions of the Railway Labor Act, as amended.
- G. In the event of any merger of the Company with another Company, acquisition of the Company by another Company, or acquisition by the Company of another Company, which affects the seniority rights of Employees subject to this Agreement, provisions will be made for the integration of seniority lists in a fair and equitable manner including, where applicable, Agreement through collective bargaining between the Companies and the representatives of the Employee groups affected. - I. The Company agrees that Mechanics' work, wherever performed, will consist of maintenance, inspection, preventive maintenance, rebuilding and alteration of aircraft, aircraft engines, aircraft systems and aircraft components and including dismantling, repairing, assembling, and erecting of equipment and building maintenance and repair work, are covered by this Agreement, subject to the terms thereof.

To maintain the efficiency of the Company's operation, the Company retains the right, in special circumstances, to use outside Contractors or Employees not covered by this Agreement to perform work normally performed by Employees covered under this Agreement. **At any time the Company utilizes an outside Contractor to perform work covered under this Agreement at a PSA maintenance base, the Union will be notified of the location/Maintenance Base, the time period it is expected to last and the scope of the work to be performed.**

It is agreed that a Committee will be formed to review instances of subcontracting which the Union believes could be more efficiently or economically performed "in house" by IAMAW-represented Employees. The members of the Committee from the Union will be comprised of the Chief Steward, the District Representative, and an affected Employee. The Company will share available information relating to a given subcontract or anticipated subcontract with this Committee. No Employee covered by this Agreement, as of the date of signing, will be furloughed as a result of contracting out of work.

Any of the rights the Company had prior to the signing of this Agreement are retained by the Company, except those specifically modified by the Agreement.

ARTICLE 2 – CLASSIFICATION OF WORK

- A. Throughout this Agreement, the word “classification” shall mean the job title of Maintenance Controller, Lead Mechanic, Inspector, Maintenance Training Instructor, Aircraft Mechanic/Avionics Technician, and Aircraft Cleaner/Utility Person. While an Employee’s job classification sets out the duties normally associated with the job, **as** the needs of the Company may dictate, an Employee may be assigned or reassigned to perform or assist in job duties normally associated with another classification. Further, all Employees are expected to perform, as needed, those routine duties associated with maintaining the work place (**e.g. hangar and/or line maintenance work spaces and equipment**) in a safe, clean and operative condition **as set forth in Article 1, paragraph I**, provided however, Employees will not be assigned to other job duties for punitive reasons.
- B. For purposes of Article 10, the descending order of classification shall be as follows:
1. Maintenance Controller
 2. Inspector; Lead Mechanic
 3. Maintenance Training Instructor
 4. Aircraft Mechanic/Avionics Technician
 5. Aircraft Cleaner/Utility Person
- C. The Company will develop and publish written qualifications, job descriptions and responsibilities for each classification that is bid. Such qualifications, job descriptions and responsibilities will be uniformly applied and made available electronically at each **Maintenance Base**. The Company and Union will meet to discuss any changes made to qualifications, job descriptions and responsibilities.
- D. A Lead Mechanic will be required to be on duty at a PSA **Maintenance Base** when three (3) or more Mechanics are scheduled on duty, on a shift at a PSA **Maintenance Base**. A Lead Mechanic will not be required to lead and direct more than eighteen (18) Employees. The Company is not required to deploy a Lead Mechanic on a field service trip merely to satisfy the preceding requirements.
- E. If a Lead Mechanic is called away during a shift, calls in sick, or for any other reason is unexpectedly unavailable, the Company may call overtime for a Lead Mechanic or will upgrade the most qualified senior Mechanic on duty.

ARTICLE 3 – HOURS OF SERVICE

- A. **WORK HOURS.** An Employee's normal work week will consist of forty (40) hours comprised of five (5) eight (8) hour days and two (2) days off, or four (4) ten (10) hour days and three (3) days off. The eight (8) or ten (10) hour work day shall be exclusive of a thirty (30) minute meal period. Days of work and days off will be consecutive. **In instances where there are non-standard shifts, there shall be a minimum of sixteen (16) hours scheduled between the end of one scheduled shift, and the beginning of the next scheduled shift (example: first shift ending on a Monday transitioning to a second shift beginning on a Tuesday).** Other work schedules may be arranged by mutual Agreement between the Employee affected and the Company with approval of District 142.
- B. **MEAL PERIOD.** Employees will be scheduled for a thirty (30) minute unpaid meal period between the end of the third (3rd) hour and the beginning of the sixth (6th) hour of their shift. If operational needs preclude an Employee from taking his lunch period at that time, he shall be paid for the lunch period at the applicable rate, unless he requests and is granted either a meal period later in the shift or permission to leave thirty (30) minutes prior to the end of his shift.
- C. **REST PERIODS.** All Employees will be granted a fifteen (15) minute rest period during the first half of their work shift and a fifteen (15) minute rest period during the second half of their work shift.
- D. **SHIFT BIDS.** Shift bids and shop bids will be bid no less frequently than every six (6) months at the same time. Employee's that are awarded a shop bid and are not qualified will be required to serve a twelve (12) month stability period in the shop, once they complete the classroom and O.J.T. training. At all times, class seniority governs the shift bid procedure. Employees with less than six (6) months class seniority will be assigned a work shift to allow for the equal distribution of work experience throughout the work week. The remaining shift bids will be done in class seniority order with the most senior person bidding first. No person may bid a schedule until all Employees with higher class seniority bid first. Due to the timelines of the bid process, each person will be given a deadline date and time as to when they must bid. If an Employee bids prior to their deadline date, the next person in line may bid and so on. If a person fails to bid by their deadline date and time, the next person in line may bid and the Employee that missed the cutoff can bid at their convenience. If a work schedule becomes available for whatever reason, there will not be a complete rebid of the schedule. The opening will be posted in accordance with Article 10 of this Agreement and the vacancy filled. When the complete schedule comes out for rebid, the class seniority process for bidding will be in effect. There will be one (1) master bid sheet per **Maintenance Base** and it will be posted on the I.A.M. bulletin board. The proposed work schedule (shift and days off) will be posted at least seven (7) days in advance of the start of the bid. A copy of the bid sheet will also be posted as to alert the Employees of their deadline dates and time for the bid. Swapping of complete schedules will not be allowed as this may cause an imbalance in the experience levels. Each **Maintenance Base** will have individual work schedule bid sheets as agreed upon with the Joint Scheduling Committee.
- E. There will be no change in permanent days off or shift start times except in accordance with Article 3.D. If changes are needed on a temporary basis based on the needs of service not to exceed thirty (30) days, there will be **seven (7)** calendar days written notice given to the

affected Employee(s) and **will not disrupt an Employee's approved vacation. However,** less notice may be given, **and/or scheduled vacation may be disrupted** by mutual Agreement between the Company and the affected Employee(s).

- F. DAY TRADES will be allowed when authorized by the Manager or his designee, (which is to be acted upon so as not to delay approval of the day trade,) but must be completed within four (4) weeks from the first day traded and as long as there is no conflict with Article 3.D. Employees will also be permitted to do **one-way** day trades and must not cause overtime to be paid as a result of the trade as long as there is no conflict with Article 3.D.
- G. Any Employee who reports for work as scheduled, without receiving notice not to report, or who is called in to work, shall receive a minimum of four (4) hours pay.
- H. The Company and the Union recognizes that the nature of airline operations requires most Mechanics covered by this Agreement to work the night shift. The parties agree to establish a Joint Scheduling Committee in each **Company staffed Maintenance Base**. Each **Maintenance Base** Committee will be comprised of the Company and two (2) Union **Maintenance Base** representatives, and will meet when necessary. It will be the duty of each Committee to analyze the existing schedule and to make recommendations to the **Maintenance Base** manager emphasizing productivity, work coverage and Employee morale concerns. Upon receipt of recommendations, the manager or designee, will within five (5) working days review and forward the recommendations to the Director of Maintenance for his review. Any refusal to implement the Committee recommendations will be in writing with justification for the refusal within five (5) working days of receiving Committee recommendations and forwarded to the District 142 General Chairperson.
- I. **Except as provided for in Article 5.G., no Employee will be required to work for more than sixteen (16) continuous hours.**

ARTICLE 4 – WAGE RULES

- A. Employees shall be paid during their regular working hours, bi-weekly on the Friday following the end of the preceding two (2) week period. Should the regular pay day fall on a holiday, Employees will be paid on the day preceding the holiday. Every effort will be made to continue the current practice of second and third shift Employees receiving their paycheck during their shift on Thursday.
- B. In the event that an Employee's pay check is short eight (8) or more hours pay through Company error, then, upon request from the Employee, the Company will correct the discrepancy and make payment within five (5) business days of the Employee's submittal of a payroll resolution to his Supervisor.
- C. No Employee shall, as a result of this Agreement, suffer a reduction from the rate of pay he is receiving for his classification on the effective date of this Agreement.
- D. An Employee temporarily assigned during his shift to a lower rated classification shall not have his rate of pay reduced for the period of the temporary assignment.
- E. Employees assigned by the Company temporarily to a premium pay position (e.g. lead) will receive the premium pay for the entire shift. Such temporary assignments will be by seniority among available qualified Employees. As a result of the assignment to a premium position, the Company waives disciplinary action for operational decisions made by a Mechanic with less than one (1) year of Mechanic experience.
- F.
 - 1. An Employee promoted to a higher **classification as set forth in Article 2.B. of the Agreement** will receive the new rate for the new **classification beginning on the day after the bid is awarded** and will thereafter progress on the scale for the new **classification** based upon the date of entry into the classification.
 - 2. **Except as provided for elsewhere in this Agreement, an Employee who moves to a lower classification as set forth in Article 2.B. of the Agreement, will receive the new rate for the new classification beginning on the day the Employee enters the new classification, and will thereafter progress on the scale for the new classification based upon date of entry into the new classification.**
- G. An Employee is not entitled to receive more than one (1) category of premium pay at a time.
- H. Any required drug and alcohol testing outside of an Employee's regular scheduled shift will be paid at the applicable hourly rate.

ARTICLE 5 – OVERTIME

- A. Overtime will be computed based on a forty (40) hour work week. Time and one-half (1 and ½) will be paid for hours worked after forty (40) work hours in a week, except as modified below. For the purposes of overtime calculation, only sick time and leaves of absence, unless otherwise required by law, will not count towards hours worked.
1. If an Employee works over forty (40) hours in a week and is regularly scheduled for an eight (8) hour shift, he will be paid double time for any hours worked over twelve (12) hours.
 2. If an Employee works over forty (40) hours in a week and is regularly scheduled for a ten (10) hour shift, he will be paid double time for any hours worked over fourteen (14) hours.
- B. Overtime will not be pyramided.
- C. Employees will be granted a fifteen (:15) minute paid rest break after two (2) hours of overtime. After four (4) hours of overtime, Employees will receive a thirty (:30) minute paid lunch period.
- Example: Employee works more than two (2) hours, he will receive a **fifteen (:15)** minute paid rest. Employee works more than **four (4)** hours, he will receive a **thirty (:30)** minute paid lunch. Employee works more than six (6) hours, he will receive a **fifteen (:15)** minute paid rest. When Employee exceeds eight (8) hours, the cycle will repeat.
- D. Overtime shall be distributed as equally as possible among all qualified Employees in the respective classification at a **Maintenance Base** and on the shift where overtime is required by the Company. The Company will provide overtime distribution lists to be posted in each work area:

1. Names will be listed in order of classification seniority;
2. The Manager, or **his** designee, who authorizes the overtime, will contact a Union Representative (**as designated by the Union**) on duty and advise the Representative of the job to be performed, any qualifications required, the approximate duration of the job, and the number of Employees required. **If no designated Union Representative is on duty, the Company will contact any member of the Collective Bargaining Unit.** The Union Representative will contact the Employee(s) lowest on the overtime list to procure acceptance, non-acceptance, or no contact. **To the extent feasible and at the discretion of the Company, an automated calling system for the Union Representative to use in the calling of the overtime list shall be made available at each Maintenance Base. It is the intent that such system will be utilized so long as it can be done so in a cost-effective manner and is not unreasonably burdensome to administer.** No Employee shall have a grievance against the Company if bypassed by the Union Representative. Management may contact Employees for overtime when it is impractical for the Union Representative to do so. Any Employee bypassed by Management, may file a grievance. Employees bypassed for overtime due to a Company error, will be

permitted to work a like period at the rate of pay they would have made if they had worked the original overtime period. This overtime will be worked upon mutual Agreement between the Employee and the Company within thirty (30) days of the bypass.

3. All overtime worked will be charged on the **overtime** list. An Employee who cannot be contacted for overtime will be charged for the amount of overtime being offered. An Employee who declines overtime or an Employee who fails to list a valid telephone number on the overtime list will be charged for the overtime being offered.
4. The Union Steward, at the **Maintenance Base** on the shift where overtime is required, will be responsible for recording overtime hours worked and the accuracy of the information on the list.
5. The Union Steward will be given a reasonable amount of time to update the overtime list while on duty.
6. Employees on authorized absences will not be eligible for overtime until they return to work on a regular shift. Authorized absences include: vacation, sick leave, medical leave, compensatory day off, jury duty, Company authorized training, military duty, bereavement, FMLA, VDO, personal leave and authorized Company or Union business. An authorized absence will begin at the end of the Employee's last regular shift prior to the authorized absence. Upon return to work from an absence greater than thirty (30) work days (except vacation) an Employee shall receive the average overtime of the Employees on the overtime list or their actual overtime, whichever is higher.
7. An Employee reporting off sick for a regularly scheduled shift, will be ineligible for overtime from the beginning of the absence until the Employee returns to work on his next regularly scheduled shift.
8. If the overtime is for a period of less than three (3) hours and it is within one (1) hour of the end of the shift before it can be determined that overtime is necessary, the lowest Employee on the overtime list may be bypassed if the Employee is off duty. The overtime **shall** be offered to the Employee working the job if the job is in progress. If the Employee working the job declines the overtime, the lowest respective classification Employee on the overtime list, and still on duty, may be offered the overtime. If no Employees accept the offered overtime Management may **then**, in reverse seniority order, require an Employee on duty to continue the job, **or the overtime list may be called**.
9. Employees required to attend mandatory meetings or training on their scheduled day off will be paid a minimum of **two (2) hours or actual time spent, whichever is greater**, paid at **their applicable** rate. Employees reporting early or staying after a scheduled shift for mandatory meetings or training will be counted as time worked and will be paid at the applicable rate. Employees will not receive pay for disciplinary hearings.
10. **No overtime shall be worked except by direction of the proper Management personnel of the Company.**

- E. Unless mutually agreed otherwise, an Employee will not be called in for less than eight (8) hours of work on a scheduled day off.
- F. If an Employee is required to remain on duty past the end of his scheduled shift and in doing so would impede him from getting **nine (9)** hours of rest before his next shift, his next shift start time will be **adjusted** to allow for **nine (9)** hours of rest. The Employee would then report to work and work the remaining hours of his normal shift, or he may, with Management approval, elect not to report to work for his normal shift. If approved not to report to work for his next shift the Employee's overtime will be protected. If Management requires the Employee to report to work, the Company will compensate him for the time missed during his shift. When more than one Employee is affected, reverse seniority will be used to determine who will be required to report to work.
- G. Employees who volunteer to pick up open overtime must work the entire amount of overtime that is posted. Employees **who** volunteer to pick up open overtime and by doing so would impede them from getting their required rest before the start of their next scheduled shift may be disqualified unless the Employee agrees to report for their next regularly scheduled shift.
- H. These rules may be revised when necessary provided mutual Agreement is reached between Management and the Chief Steward with a copy to, and subject to the approval of, the General Chairperson and the Director of Maintenance.

ARTICLE 6 – FIELD SERVICE

- A. Employees involved in field service, special assignment or training away from their home **Maintenance Base** will receive an hourly per-diem allowance of **one dollar eighty cents (\$1.80)** per hour to cover all incidental expenses (excluding lodging and transportation costs) incurred during such assignments. The Company agrees that it will pay the same hourly per-diem as provided to other contract Employees, but no less than **one dollar eighty cents (\$1.80)** per hour. The per-diem allowance shall commence at the departure time of the Employee to field service, special assignment or training and will cease at the Employee's return time. The Company has the option to provide a credit card on field trips in lieu of per-diem.
- B. Upon application to the department Director or his designee, an Employee may be given advance per-diem by the Company to cover expenses while away from their home **Maintenance Base**.
- C. In-Transit Time
 - 1. **When an Employee receives a work assignment away from the Employee's Maintenance Base (e.g. a temporary assignment or to cover a vacancy temporarily) or is assigned training away from the Employee's home Maintenance Base, the associated travel and waiting time will be considered work time and will be compensated at the applicable rate. However, time not on duty shall be excluded as work time.**
- D. **An employee on field service, who has been on duty for sixteen (16) hours (including hours spent on duty at his/her home Maintenance Base prior to commencing field service), may request transportation to a Company provided hotel for a required rest period. Such request shall be granted.**
- E. An Employee shall not be required to use their private vehicle on Company business, unless mutually agreed to. For any travel performed on Company business, Employees who use their private vehicle shall be paid at the **same rate as provided to other contract Employees, but not less than the current** Company policy rate per mile.
- F. When an Employee is sent alone on field service the Company will make arrangements to insure there is another individual on site to provide immediate communication and safety surveillance.
- G. When a field service trip is required and not expected to result in overtime, the Lead Mechanic may select the Employee(s) or seek volunteers.
- H. The Company will not **require** an Employee to travel on single engine aircraft.
- I. The Company will utilize part 121 or part 135 air carriers for all field service and training assignments. The Company will make available, upon request by the Shop Steward, a current list of approved air carriers. The Company will book Employees in accordance with current Company pass policy.

- J. Prior to initiating a field service trip to a Company staffed Maintenance Base, the overtime list at the Maintenance Base where the field service trip is needed will first be exhausted.**
- 1. For instances where a Maintenance Base may lack Mechanics experienced in the task at hand, the Company may deploy up to 50% of the Mechanics required to perform the task from another Maintenance Base.**
 - 2. The Company can deploy more than 50% of the Mechanics required to perform the task only if the overtime list at the Maintenance Base, where the field service trip is needed, has been exhausted.**
- K. If, in an emergency situation, overtime is needed to meet the requirements of a field service trip, and no Employees volunteer, Management may, in reverse seniority order, require Employees on duty to accept the field service trip.**

Note: Emergency is defined as any need to deploy a Mechanic for a field service trip where known overtime will be incurred, and the Mechanic must be deployed in two (2) hours or less.

ARTICLE 7 – HOLIDAYS

A. RECOGNIZED HOLIDAYS

1. The Company recognizes the following holidays on dates established by federal law:

Should any holiday fall on an Employee's day off, such Employee shall receive the applicable holiday pay.
- D. If it is determined that the full complement is not necessary, a notice will be posted fourteen (14) calendar days before the holiday indicating the number of available positions to be worked. Any Employee who is scheduled to work and is interested in working the holiday must sign the list within five (5) calendar days. If there are an insufficient number of volunteers for the holiday, then Employees who are scheduled to work will be assigned in reverse seniority order.

E. Compensatory Days

1. An Employee who is required to work (scheduled to work) on a holiday may, at his option and upon notification to his Supervisor, elect to work at time and one-half rate on these holidays and receive one (1) paid compensatory ("comp.") day off at his regular straight time rate for each day worked, in lieu of holiday pay.
2. Such time off must be taken as a comp/swap. Employee taking the comp. day off must arrange for another qualified Employee to work his shift. The Employee working his shift will be compensated at the straight time rate and must be able to work his own normal shift(s) as scheduled. The Company may, at its sole option, grant the comp. day request without requiring the comp/swap provisions based on the needs of service.
3. Employees not scheduled to work, or scheduled to work but not required to work, on the above mentioned holidays, will be compensated for the day equal to the number of regularly scheduled hours at their regular straight time rate and shall receive no additional time off, or may at his option receive one comp. day off at his regular straight time rate. Such time off will be taken as outlined in item #2 above.
4. Any Employee wishing to use a comp. day must provide the Company with no less than five (5) days and no more than fourteen (14) days written notice. The granting of a comp. day will be made no more than seven (7) days nor less than three (3) days before the day requested. When more than one Employee requests a comp. day, seniority under the Agreement will govern. Once granted, senior Employees will not be permitted to take comp. days already awarded to a junior Employee. If an Employee gives less than the minimum required five (5) day notice, the Company may, at its sole option, grant the comp. day request under the provision outlined in item #2 above.
5. The maximum number of comp. days to be accrued will be three (3) days. Thereafter, no further accrual will be permitted and the Employee will be paid the applicable rate for the holiday.
6. All comp. days not taken by December 31st in the year earned will be paid at the straight time rate of pay by January 31st of the next year.
7. The priority for the granting of comp. time off will be as follows: Personal Day (PDO), Day-at-a-Time (DAT) vacation then comp. day off (holiday).
8. Comp. time accrued through the last day of work will be paid to any Employee leaving the service of the Company.

ARTICLE 8 – VACATIONS

- A. The vacation year shall be from January 1st to December 31st.
- B. Vacation pay shall be computed on the basis of an Employee's regular hourly rate at the time the vacation is taken.
- C. Vacations earned will be on a yearly basis based on the month in which the Employee was hired. An Employee who transitions to the next higher accrual will be able to, at the time of the vacation bid, bid the additional time. If an Employee resigns or is terminated after having received more paid vacation than he has earned, will have the excess deducted from his final paycheck.
- D. Vacation shall be earned in accordance with the following:
 - 1. After completing one (1) year of service, forty (40) hours of vacation will be earned.
 - 2. After completing two (2) years of service, eighty (80) hours of vacation will be earned.
 - 3. After completing seven (7) years of service, one-hundred twenty (120) hours of vacation will be earned.
 - 4. After completing fourteen (14) years of service, one-hundred sixty (160) hours of vacation will be earned.
 - 5. **After completing twenty (20) years of service, two-hundred (200) hours of vacation will be earned.**
- E. Within fourteen (14) calendar days after completion of the shift and days off bids in accordance with Article 3(D), the Company will post a vacation bid list at each **Maintenance Base**. The Employees in seniority order will bid for vacation periods or indicate their desire to take their vacation at a later time. An entire line of fifty-two (52) weeks shall be made available for vacation bidding by at least one (1) Employee by classification within the **Maintenance Base**. A senior Employee will not be permitted to delay bidding so as to deny a more junior Employee an opportunity to bid his vacation. Each Employee will have no more than twenty-four (24) hours to bid their vacation or they will be bypassed. Once a senior Employee is bypassed, he will not be able to bid a period assigned to a junior Employee. If shift schedules change or an Employee bids a different shift or another **Maintenance Base**, the Employee will retain their bid vacation if the period is available. 1. General

The Company shall be tasked with the administration of this process and all associated training required. Any process, element or issue not addressed or otherwise not contained in this Article 10, sub-paragraph H, may be developed and implemented outside of this Collective Bargaining Agreement, however, any such process must be mutually developed and agreed to by the Company and Union.

All Classifications listed above in paragraph H, shall have qualifications established by the Company that must be met by the applicants.

In any instance where an employee with prior classification seniority submits for a vacancy, he shall be awarded the position by classification seniority and this process shall not apply so long as he previously held the position and the employee was not previously removed for performance issues via progressive discipline. An Employee with performance issues shall have to requalify per the then qualifications.

This selection process may not go into effect until an associated training program is developed and mutually agreed upon. All personnel, Company or Union, must complete the interview training program to perform interviews for this selection process.

When a vacancy exists in the above listed classifications, and no employee with established classification seniority applies, the position shall be awarded using the procedures set forth in the following paragraphs.

2. Joint Selection Committee Structure

The Joint Selection Committee shall be comprised of equal representation consisting of one (1) person selected by the Company, and one (1) Union member selected by the Union. The Union member must be working in one of

the classifications, preferably the Classification which is being selected, listed above to participate on the Committee. All members participating on the Committee must have attended and completed a training program developed and mutually agreed to by the Company and Union. It is preferable, but not a requirement, to have qualified personnel from each Maintenance Base. There is no requirement for the Committee members to be from the Maintenance Base where the vacancy exists or for the Company and Union member to be from the same Maintenance Base.

Once the Committee is empaneled, it shall process to completion each vacancy it is tasked to decide. When an empaneled Committee cannot complete the process for a given vacancy, the process must be restarted with a new committee that shall process the vacancy to completion.

A Human Resources representative shall be a part of the Joint Selection Committee.

A member designated by the Company, and/or the assigned General Chairperson, may act in an advisory capacity at any time to either Committee member concerning this process and any associated aspects.

3. Interview Scheduling

As soon as any posted vacancy in the above listed Classifications is identified as having no applicants with prior Classification seniority, Human Resources (HR) shall move to empanel the Joint Selection Committee from qualified participants as listed in the above paragraph H.2. and move to begin the process within two (2) weeks of the bid closing date.

HR shall identify the applicants who meet the qualifications and then begin to coordinate the scheduling of interview date, times and location with the Joint Interview Committee.

Once coordinated, all qualified applicants shall be notified either by Company email, or by telephone at their work location or through a number they have on record with the Company.

Any employee, once scheduled, who fails to interview during their assigned date and time, shall not be rescheduled. If an employee fails or declines to interview, only the remaining qualified candidates shall be interviewed.

This process is not intended to create an overtime situation paid to an applicant being interviewed (e.g. for travel, interview time, waiting time, etc.) outside of his normally scheduled shift. Whenever possible, interviews shall be conducted during the employee's regularly scheduled work shift/day/week at the Maintenance Base where the employee works, or if needed, the Company may opt to fly the employee to another Maintenance Base at the Company's expense (i.e., hotel, per diem and lost time) if it is mutually agreeable to both parties.

If an employee must interview on their day off at a location that is not their home base, management may temporarily change that employees' schedule.

4. Interview Process

The process is intended to allow the Joint Selection Committee members to complete an objective evaluation of each applicant. Each interview shall use a list of standardized questions selected from the master list that allows the Committee members to grade the applicants' answers on a point-based system and record the results during the interview process. The same questions chosen from the master list must be used across all the applicants interviewed.

At the end of the interview process, the committee shall review and tabulate the results. A mutually agreed upon threshold value will be used to determine which candidates will be considered for the position. The senior person from all candidates who score above the established threshold will be awarded the position. If no applicant scores above the established threshold, then the position may be filled per Article 10.D. All information generated by the Joint Selection Committee shall be considered confidential and not discussed with anyone outside of the process.

5. Joint Selection Process Completion

The successful applicant shall be notified by Human Resources of the award. The notification shall be in person whenever possible. The successful applicant's classification seniority date and pay shall begin on the date of award.

All applicants who participated in the interview process but were not awarded the position shall be notified by Human Resources in person or by phone if needed. The employee shall be offered an opportunity to receive feedback from the interview process (Union or Management) for future career development. - E. Reimbursement for Authorized Union Leave
 - 1. A covered Employee on Union leave from the Company shall be paid by the Company at his applicable hourly pay rate for such hours during his regular pay cycle and the Employee shall continue to accrue all benefits as if he had been on active duty. The maximum compensation paid to any Employee while on authorized Union leave is one time the applicable hourly pay rate and a maximum of forty (40) hours a week.
 - 2. For a Union leave period a covered Employee will submit a Union leave authorization form to the Director of Maintenance or his designee detailing the hours to be paid. The leave form will be approved and signed for by the Union's General Chairperson or his designee.
 - 3. The Union will reimburse the Company for all such Union leave paid to covered Employees as follows: the number of hours on leave as submitted by the covered Employee times the applicable hourly rate of such Employee not to exceed forty hours per week (in the event the Employee is replaced, the

Union will reimburse an additional one half the applicable hourly rate and the Company will provide the replacement Employee's name to the Union General Chairperson), a 24% override of the wages paid to cover the cost of fringe benefits for the covered Employee on leave and a 2% administration fee for the billing and accounting process. If on an annual basis the cost of the fringe benefits provided to the Employee increases or decreases, the override percentage will be adjusted accordingly.

4. The Company shall prepare an invoice for Union leave pay reimbursement which will be submitted to the Union General Chairperson or his designee within thirty (30) days after receiving the Union leave authorization form(s). The Union agrees to reimburse the Company within thirty (30) days after receipt of the Company's invoice.
5. Requests for Time-Off
 - a. Requests for Union leave with the Company will be made to the Director of Maintenance or his designee. Each such request shall be submitted via the Company email system, facsimile, hand delivery or by US Mail no later than two (2) weeks before the first requested day off.
 - b. The Union shall notify the Company promptly when leaves are cancelled or terminated before the effective date of the Union leave.

ARTICLE 27 – UNION SHOP AND VOLUNTARY DUES CHECK-OFF

- A. Each Employee, now or hereafter covered by the Labor Agreement between the parties, as it may have been supplemented or amended, shall, as a condition of continued employment, within sixty (60) work days following the beginning of such employment or the effective date of this Agreement, whichever is later, become a member of the Union or pay the Union a monthly service fee which shall be equal to the Union's regular dues, initiation fees and assessments uniformly required of regular Union members, and thereafter maintains membership in good standing or remit the service fee (as herein defined) to the Union, provided that such condition shall not apply with respect to any Employee to whom such membership is not available upon the same terms and conditions as are generally applicable to any other member covered by this Agreement, or with respect to whom membership is denied or whose membership is terminated for any reason other than the failure of the Employee to tender the initiation fees and monthly dues or service fees uniformly required of other Employees as a condition of acquiring or retaining membership in the Union or employment with the Company.

- B. For the purpose of this Agreement, "membership in good standing in the Union" shall mean that the Employee is a member of the Union and is not more than sixty (60) calendar days in arrears in the payment of initiation or reinstatement fees or membership dues or assessments uniformly required of other Employees in the same Union.

The Employee electing not to become a member in the Union must maintain the service fee payments as provided above and not be more than sixty (60) calendar days in arrears in the payment of the service fee.

- C. When an Employee becomes delinquent, or not in "good standing" within the meaning of Paragraph B above, he shall be subject to discharge.
- D. A discharge under the terms of this Article shall be based solely upon the failure of the Employee to pay or tender payment of initiation fees and membership dues, service fees or assessments as specified herein and not because of denial or termination of membership in the Union for any other reason.
- E. An Employee discharged by the Company under the provisions herein shall be deemed to have been "discharged for cause" within the meaning of the terms and provisions of this Agreement.

The Union shall indemnify and hold the Company harmless against any and all claims, demands, suits or other forms of liability that may arise out of or by reason of the provisions of this Article 27. The Company shall promptly notify the Union of any such claims of liability made against the Company.

- F. Upon receipt of a signed authorization of the Employee involved, the Company shall deduct from the Employee's paycheck the dues, **Local Lodge initiation** or **any** service fees payable by him to the Union during the period provided for in said authorization. All deductions for dues shall be made by the Company on the second regular paycheck of each month.

- G. Deductions provided for in the preceding paragraph shall be remitted no later than the tenth (10th) day of the month following the month in which the deductions were made, and shall be remitted to the Secretary/Treasurer of District 142, International Association of Machinists and Aerospace Workers. The Company shall furnish the assigned District 142 Secretary/Treasurer each month a copy of the record of those for whom deductions have been made and the amounts of the deductions. The parties agree that check-off authorization forms shall be in a mutually approved form which shall be prepared and furnished by the Union.
- H. **The Company agrees to continue its current practice of payroll deductions for Employees when a signed authorization form from the Employee is submitted to participate in any plan or program provided for under the terms of this Agreement as it exists at the time of the deduction authorization.**
